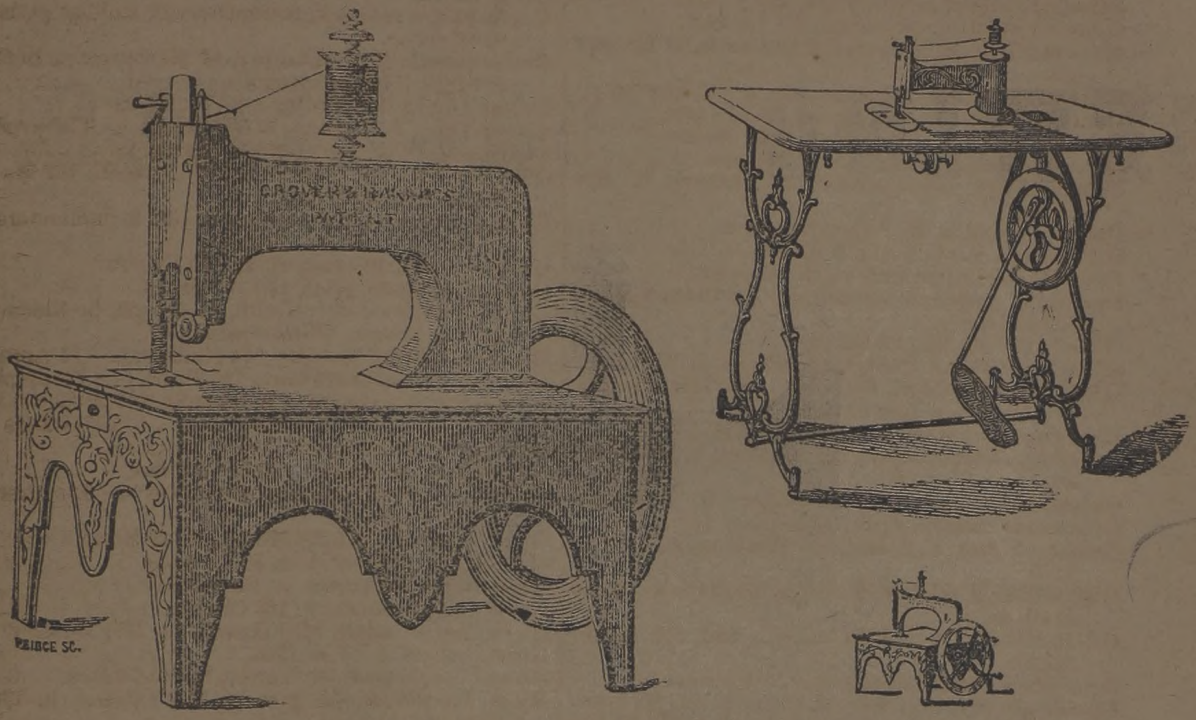
SEWING MACHINES.



THE GENERAL SUPERIORITY OF

GROVER, BAKER & CO.'S

SEWING MACHINES,

Is now indeed justly admitted; but purchasers should take care not to be drawn by interested parties from the particular points in which this machine excels all others, viz.: *simplicity*, *durability*, *facility*, *speed*, and *certainty of operation*, and the *beauty*, *strength*, and *permanency* of their work. For manufacturers of all kinds in cloth and leather, this machine is confessedly the best, while for family use it has no rival. The proprietors manufacture machines of *all sizes* and *varieties*, adapted to all the different kinds of work in the community.

They are also prepared to take orders for new and superior SHUTTLE MACHINES for the low price of $75.

AN EXAMINATION OF THESE MACHINES IS ALL THAT IS REQUIRED.

PRICE FROM $75 to $125.

There is no question between these machines and any other patent, all being licensed under Mr. Howe's original patent.

Descriptive pamphlets sent to all who wish.

OFFICE, 405 BROADWAY,

New York.
